

We, the undersigned anglophone Quebecers, will vote "YES" in Québec's upcoming referendum on Sovereignty-Association because:

- Sovereignty-Association is based on the historical, social and political reality of Québec as a distinct national community;
- Sovereignty-Association will provide the Government of Québec with all those powers necessary to respond more effectively to the social and economic needs and aspirations of all Quebecers;
- Sovereignty-Association will encourage Quebecers of all ethnic and linguistic origins to participate more actively in the emerging Québec society;
- Sovereignty-Association will enable Québec to deal with (the rest of) Canada as an equal partner through

a close, lasting and mutually advantageous economic association;

- Sovereignty-Association will enable (the rest of) Canada to develop its own structures suited to the needs of its own emerging national identity;
- Sovereignty-Association is the clearest and soundest constitutional option for Québec and for all Quebecers.

We publicly declare our support for Sovereignty-Association in order to emphasize two important facts:

- (1) Support for Sovereignty-Association is not limited to the partisans of any one political party;
- (2) Support for Sovereignty-Association is not limited to Quebecers of any one linguistic or ethnic background.
