Sovereignty- Association

IN PLAIN ENGLISH

The majority of Quebecers want a new agreement to be reached between Québec and the rest of Canada. Sovereignty-association is the only political formula which, by changing the present political system, permits Québec to become sovereign and remain associated with Canada.

Sovereignty

means that all political powers will be taken over by Québec and all fiscal powers will be patriated. The government of Québec the only government over which Quebecers have complete control, will thus become the exclusive government of Québec. All taxes will be paid to it and in return all government services will be rendered by it.

Association

means that Québec and Canada will share certain powers, especially economic. Thus Québec and Canada will have the same money and, between them, there will be no customs, border controls or passports. The common concerns of Québec and Canada will be administered by joint institutions.

Laws and Courts

The only laws that will apply in Québec will be those adopted by the Québec National Assembly. Québec courts will be the only courts with the power to administer justice in Québec.

Individual Rights

The government of Québec promises to maintain all individual rights such as old age pensions and supplements, veterans' pensions and family allowances. Moreover, the rights now enjoyed by the anglophone community will be protected by the Québec government.

The Québec Economy

Patriation of all our taxes and all our political powers will permit the establishment of a single national budget designed in accordance with Québec's own needs and economic priorities.

Common Concerns

Québec and Canada will harmonize certain policy objectives and legislations. This will be the case particularly in the domain of transportation where special agreements concerning railways, air transportation and inland shipping

Sovereignty- Association

IN PLAIN ENGLISH

The majority of Quebecers want a new agreement to be reached between Québec and the rest of Canada. Sovereignty-association is the only political formula which, by changing the present political system, permits Québec to become sovereign and remain associated with Canada.

Sovereignty

means that all political powers will be taken over by Québec and all fiscal powers will be patriated. The government of Québec the only government over which Quebecers have complete control, will thus become the exclusive government of Québec. All taxes will be paid to it and in return all government services will be rendered by it.

Association

means that Québec and Canada will share certain powers, especially economic. Thus Québec and Canada will have the same money and, between them, there will be no customs, border controls or passports. The common concerns of Québec and Canada will be administered by joint institutions.

Laws and Courts

The only laws that will apply in Québec will be those adopted by the Québec National Assembly. Québec courts will be the only courts with the power to administer justice in Québec.

Individual Rights

The government of Québec promises to maintain all individual rights such as old age pensions and supplements, veterans' pensions and family allowances. Moreover, the rights now enjoyed by the anglophone community will be protected by the Québec government.

The Québec Economy

Patriation of all our taxes and all our political powers will permit the establishment of a single national budget designed in accordance with Québec's own needs and economic priorities.

Common Concerns

Québec and Canada will harmonize certain policy objectives and legislations. This will be the case particularly in the domain of transportation where special agreements concerning railways, air transportation and inland shipping will be negotiated.

Federal Civil Servants

The Québec government guarantees a place in the Québec civil service to Québec federal civil servants. The integration of civil servants, which will take place without financial loss to them, will correspond to the transfer from Ottawa to Québec of jurisdictions and resources.
